#### TARGET AUDIENCE

Radiation oncologists and other health care professionals involved in treating patients with lymphoma.

#### **COURSE DESIGN**

Presentations of advances in clinical options and translational research for various lymphomas and clinical scenarios with a focus on the updated role of radiotherapy, modern RT technologies, and new guidelines for RT dose and fields.

### **EVALUATION**

A course evaluation survey sent out electronically will provide attendees with the opportunity to review the sessions and the speakers and to identify future educational needs.

### ACCREDITATION STATEMENT

MSK is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

#### AMA CREDIT DESIGNATION STATEMENT

MSK designates this live activity for a maximum of **13.5 AMA PRA Category 1 Credits**<sup>™</sup>. Physicians should only claim credit commensurate with the extent of their participation in the activity. The AMA has determined that physicians not licensed in the United States but who participate in this CME activity are eligible for **13.5 AMA PRA Category 1 Credit(s)**<sup>™</sup>.

#### FACULTY DISCLOSURE

It is the policy of MSK to make every effort to insure balance, independence, objectivity, and scientific rigor in all continuing medical education activities which it sponsors as an ACCME accredited provider. In accordance with ACCME guidelines and standards, all faculty participating in an activity sponsored by MSK are expected to disclose any significant financial interest or other relationship with the manufacturer(s) of any commercial product(s) and/or provider(s) of commercial services which are discussed by the faculty members in an educational presentation. As required by ACCME, when an unlabeled use of a commercial product or an investigational use not yet approved for any purpose is discussed during an educational activity, MSK requires the speaker to disclose that the product is not labeled for the use under discussion or that the product is still investigational.

### OUTCOMES MEASUREMENT SURVEY

Six months after the end of the course an Outcomes Measurement Survey will be sent to all participants to help us determine what positive impacts have been made on participant practice as a result of the course.

#### HOTEL RESERVATIONS
